LARGE SCALE MAPS

FOR PLANNING AND LAND MANAGEMENT

Ordnance survey maps of a larger scale than 1:25,000 (this scale is the orange explorer series) are produced individually on demand. This has two main advantages. Firstly the map is centred where you want it and secondly you select from various options for the job in hand. Options available are:

Siteplan (a good choice to show a site)

A4 size only.

Three scales available.

1:500 (about 80 metres by 80 metres covered).

1:1250 (about 200 metres by 200 metres covered).

1:2500 (about 400 metres by 400 metres covered)

Six copies supplied.

Price £25.00

Landplan (the plan of choice for site location or estate management)

A4 size up.

Two scales available.

1:5,000.

1:10,000.

The smallest area covered is about one square kilometre.

Produced in black and white or colour and with our without contours.

Prices from £25.00

Superplan (a great choice to cover exactly what you want)

Almost any size (only restrained by the plotter).

Customised to cover any area of land.

Scales from 1:200 to 1:2500.

The smallest area covered is about 200 metres by 200 metres (one hectare).

Prices from £30.00

Ordnance Survey only supply "Large Scale Maps" through a limited number of outlets. Tackle and Books has reached agreement with map publisher and distributor, Nicolson Maps, to supply this service to Mull and the surrounding area. Fill in this form with your requirements and post to Tackle and Books or fax directly to Nicolson Maps (**fax number 01475 689242**). On receiving your details Nicolson Maps will contact you. Please remember to fill in your day time phone number. If, by chance, the return call misses you you can make contact with Nicolson Maps by phoning 01475 689242.

Site information (Nicolson Maps will use this information to identify the area concerned on their computer)
